MARQUEE STALL CONDITIONS

- Livestock judging begins at 8.30am. All stands must be set up prior to 9am and vehicles must be unloaded and removed to the car park by then. There is the opportunity to set up the afternoon/evening before the show but items are left at your own risk. The majority of stall holders set up from 7am on show morning.
- Your display space is limited to the size of pitch / length of the table(s) booked. You may use the space as you wish but NO additional frontage is allowed as this would infringe on neighbouring stall holders. Exhibitors are not permitted to play music. Location of stalls is mapped out annually by the convenors and is likely to vary from year to year to keep the interest of our visitors.
- Stall holders must not bring large balloons, stink bombs, noisy items e.g. fun snaps, cap guns, air horns or similar items. These have led to animals being upset or caused a public nuisance in the past. Anyone found with them will be asked to remove them from their stall and will not be granted a pitch the following year.
- The acceptance of your booking is at the discretion of the Society's organising committee. Should you need to cancel, a refund (less admin charge) will only be given if and when the space is resold. In the case of the Society having to cancel the show due to a Force Majeure, no refunds will be given.
- Wigtown Agricultural Society accepts no liability for your property. The exhibitor is solely responsible for their own insurance, fire & safety provision and risk assessment while within the showground. Your Public Liability insurance policy and risk assessment must be available for inspection on show day.
